Good morning class Five and welcome to week four. Here are this week’s leaning activities. I have set you a maths task, an English task each day. As well as this you can complete one task a day from the home learning grid for class five on the school website.

Remember to also fit some reading and TTrockstars in each day or as often as you can. I will be setting battles (Boys vs Girls) but will not warn you when these will happen, so keep checking in.

We have had one so far and the girls won.  
(I will work out an average score as there are a lot more girls than boys.)

When you finish a book try writing a short review and emailing it in to me at class5@hempsted.gloucs.sch.uk and I will share your top book selections with the rest of the class.

Thank you to all of you that have emailed work in to me. I have really enjoyed reading your stories and seeing some of your photos.
Maths – watch the video and compete the work book from the following link for Summer term-week two: Lesson one - Adding decimals with the same number of decimal places. There is also an answer booklet for your parents to mark when you are finished.

https://whiterosemaths.com/homelearning/year-5/

Challenge -

Using the digits 0 – 9 only once in each of the spaces above, what is:
• The largest sum possible
• The smallest sum possible

Is there more than one way of creating each total?

English

Writing – The challenge today is to write a letter. I would like you to write a letter to someone you have not been able to see of a while. It could be a Grandparent, a friend or anyone else you know.

In your letter I would like to see:
- your very best handwriting and spelling.
- tell them about your best bits about lockdown (and the bits you don’t like too.)
- ask them some questions about how they are doing and how they are getting on.
- make a plan of what you would like to do next time you see them.
- impress them with some well selected vocabulary, (oooh get you!)
- write something, send something or share something that you know will put a smile on their face.

Enjoy and good luck.
Tuesday

Maths – watch the video and compete the work book from the following link for **Summer term-week two: Lesson Two – subtracting decimals with the same number of decimal places**. There is also an answer booklet for your parents to mark when you are finished.

[https://whiterosemaths.com/homelearning/year-5/](https://whiterosemaths.com/homelearning/year-5/)

Challenge -

In this number pyramid, each number is calculated by adding the two numbers underneath.

```
  11.32
   3.25
  5.94  2.13
    1.06  0.05
```

English

Complete the lesson on bbc bitesize

**English lesson:** Understanding and using alliteration

Click [here](https://whiterosemaths.com/homelearning/year-5/) to go to the lesson.
**Wednesday**

*Maths* – watch the video and compete the work book from the following link for *Summer term-week Two: Lesson Three – Adding decimals with a different number of decimal places*. There is also an answer booklet for your parents to mark when you are finished.

[https://whiterosemaths.com/homelearning/year-5/](https://whiterosemaths.com/homelearning/year-5/)

Challenge-

Eva is trying to find the answer to

![4.144 + 1.4](image)

Here is her working out.

![4.144 + 1.4](image)

Can you spot and explain her error?

Work out the correct answer.

---

*English*

Complete the reading comprehension on this [link](https://example.com)

You can print of the pages if you have a printer or read the text on screen and write your answers in your book.
Thursday

**Maths** – watch the video and compete the work book from the following link for Summer term-week Two: Lesson Four- Subtracting decimals with a different number of decimal places. There is also an answer booklet for your parents to mark when you are finished.

https://whiterosemaths.com/homelearning/year-5/

Challenge -

If there are 5 hundredths and I subtract nothing from it then there are still 5 hundredths.

\[
\begin{array}{c}
4.9 \\
-3.85 \\
\hline
1.15
\end{array}
\]

Do you agree with Whitney? Explain your answer.

---

**English- Book review**

I know with all this time on your hands you have probably read yourself through a few books by now.

So I would like you to write a book review of your favourite read so far. You can lay it out anyway you like but it must:

- be no longer than a page of writing (and no less than ¾ of a page)
- need an engaging opening to the review, something to make the reader sit up and pay attention or make them want to / need to know more..
- give an intro to the story but no plot spoilers.
- use questions to engage the reader.
- use alliteration.

Please send your reviews to me at class5@hempsted.gloucs.sch.uk
Week Four  27.4.2020

Friday

Maths – watch the video and complete the work book from the following link for Summer term-week Two: Lesson Five – Friday Maths Challenge. There is also an answer booklet for your parents to mark when you are finished.

English

Complete the following activities on active learn (bugclub)

-ant and -ent

This sequence of games tests the skills and understanding taught in the -ant and -ent unit.

Suggested for:  Yr 5, Yr 6

Objectives:
- use further prefixes and suffixes and understand the guidance for adding them
- use knowledge of morphology and etymology in spelling and understand that the spelling of some words needs to be learnt specifically, as listed in English Appendix 1

Expanding Noun Phrases

This sequence of games tests the skills and understanding taught in the Expanding Noun Phrases unit.

Suggested for:  Yr 5, Yr 6

Objectives:
- develop their understanding of the concepts set out in English Appendix 2 by:
  * using expanded noun phrases to convey complicated information concisely

Focus area:  Grammar
