Week six   11.5.2020

Good morning class Five and welcome to week six. Here are this week’s learning activities. I have set you a maths task, an English task each day. As well as this you can complete one task a day from the home learning grid for class five on the school website.

Remember to keep reading. When you complete a book please take a picture of you and the book and email it into the class email address. class5@hempsted.gloucs.sch.uk

Well done Girls.

The girls absolutely took the boys to the cleaners over the last three battles. The boys did put up a good fight this week but it was not enough (remember the boys score is doubled as there are half as many of them.)

Thank you to all of you that have emailed work in to me. I have really enjoyed reading your book reviews, non-chronological reports and seeing some of your photos.

We have been entered into a TTrockstars Gloucestershire league. The league has almost 100 schools in it. The league will run from Tuesday to Thursday this week.

**Only points scored between 10am and 1pm each day will count to the teams score.**

Please login on these days and score as many points as you can for Team Hempsted.
Monday

Maths – watch the video and complete the work book (which can now be found on the class 5 home learning page.) Follow the link for Lesson one – Area of Rectangles. There is also an answer booklet for your parents to mark when you are finished.

English

For English this week I would like you to write two diary entries. In your entries you should talk about:

- How you have been spending your days.
- Home-schooling
- Things you have enjoyed and thing you have missed.
- How you have used technology to keep in touch with family and friends.
- You could even put information about what you are and aren’t allowed to do.

You may be thinking that you have nothing to write about as you have not been anywhere or done anything. These are strange times and your diary will capture what it was like to live through these times. Samuel Pepys and Anne Frank both wrote diaries through extraordinary times and captured what life was like.
Tuesday

Warm up – 10 minutes TTrockstars.

Maths – watch the video and complete the work book (which can now be found on the class 5 home learning page.) Follow the link for Lesson Two – Equivalent Fractions. There is also an answer booklet for your parents to mark when you are finished.
