Good morning class Five and welcome to week seven. Here are this week’s learning activities. I have set you a maths task, an English task each day. As well as this you can complete one task a day from the home learning grid for class five on the school website.

Remember to keep reading. When you complete a book please take a picture of you and the book and email it into the class email address. class5@hempsted.gloucs.sch.uk

Don’t forget to get regular TTrockstar practise, you never know when the next battle will start.

Well done everyone who took part in the Gloucestershire TTrockstars league last week. As a school we came 49th out of over 100 schools. As a class we came 53 out of hundreds of schools.

There may be another Gloucestershire league in a few weeks’ time. So we can then look to improve our score.
Monday

Maths – watch the video and complete the work book (which can now be found on the class 5 home learning page.) Follow the link for Lesson one – Add and subtract fractions. There is also an answer booklet for your parents to mark when you are finished.

English

On Monday you watched an interview with the author Anthony Horowitz. In this interview he gives you lots of tips to help you write. One of his top tips is to write about places you know. This helps make your writing more believable as you can add the details that only someone who know they place can add. He would suggest you visit the place and experience it in person. Now we can’t do that but we can research place we could use in a story.

I would like you to research a location that could be used for an action scene in a story, you could choose a setting that could be used in a future Alex Rider story.

You need to select a place and research details and images of the location that would help you write about the place.

My choice would be The Savoy Hotel in London.

Location : The Strand central London. It has panoramic views over the River Thames.

There are 263 bed rooms and suits. It is one of London’s most exclusive 5 star hotels with rooms starting at £560 per night for bed and breakfast. The Royal Suite (the top room) starts at £14,000 per night.

Now select and research your own place, this could be a city, building or any other location. Find some pictures of the place and research some facts about the place so that you know as much as you can before you use this place in your own writing.
Thursday

**Warm up** – 10 minutes TTrockstars

**Maths** – watch the video and complete the work book *work book (which can now be found on the class 5 home learning page).* Follow the link for **Lesson Four- Subtract mixed numbers**. There is also an answer booklet for your parents to mark when you are finished.
